MINUTES OF THE MEETING OF ANNUAL PARISH MEETING HELD
IN THE VILLAGE HALL ON TUESDAY 5TH MAY 1992 AT 7.30 PM.

Present.

Mr Perry, Mr Parker, Mrs B. Lloyd, Mrs E. Sliwa, Mr I. Morton, and Mr P Ford. Also in attendance were Mrs Hastings, District Councillor, Mr Markham, County Councillor, arrived during meeting and 22 residents.

1. Apologies. Mr Finbow, and Mr Eastgate.

2. Read and confirm Minutes of the Last meeting.

The minutes of the meeting held on 7.4.91. were confirmed as a true record and signed by the Chairman Mr Perry.

3. Matters arising from the Minutes: None.

4. Chairman's Report.

The Chairman's report for 1991/92 was read to the meeting. A copy of which is appended to these Minutes.

Afterwards Mr Perry asked if there were any questions.

Mr Roff asked if he could explain in more detail about the Green Belt. Mr Perry explained that if the village had remained in the Green Belt it would be very difficult to get planning applications passed even for a porch. Mrs Hastings agreed. Mr Roff asked if it meant we could be joined up with Kidlington. No because of the Green Belt between the two. Mrs Hastings said the Belt went tight around the housing. Mr Roff asked how this affects over the road. Mrs Hastings said it needed permission. Mr Perry explained that there was a Section 52 on Solid State Logic. Only sporting facilities could be built in the Green Belt.

Mrs Hutton said that Yarnton Parish Council had decided to introduce concessionary bus fares in the next financial year and would Begbroke. Mr Perry said they could but it would at least triple the precept.

Mrs Houghton felt it should be a national thing. Mrs P. Hastings said they did have it 6 years ago. Mr Staniforth said one bus goes to Sainsbury's.

As there were no other comments from the floor Mr Perry raised the issue of the Day and Sons plan for the field. He explained there had been long and open discussions on the proposals. This was not a formal planning application. Mr Perry was very concerned that Mrs Maureen Hastings and himself had been accused of being in collusion with G Day and Sons when nothing was further from the truth.

Following more information and comments Mr Markham said he could take a detached view and that both Mrs Hastings and Mr Perry were highly respected for their integrity.

Mr Lloyd proposed a vote of confidence for both people which was seconded by Mrs Morgan and carried unanimously.

Mr Parker proposed that Mr Day was a man of integrity which Mr Morris seconded. This was carried by 10 votes for to 4 against and the rest abstained.

Mr Perry agreed to carry on and serve the village.

5. Financial Report:

Mrs Eastgate, the Clerk, gave a brief financial report.

C/A £219.95 D/A £1245.61

6. Begbroke Village Hall Management Committee. See item 7.

7. Grant to the Village Hall.

Mr Perry explained that there was a suggestion to make provision for a grant to the Village Hall.

Mr Parker asked how the accounts fared but Mr Ford did not have the information. After several other questions which Mr Ford answered including using any money for specific things and putting the top of the field back into use Mr Parker felt he had the assurance required.

Mr Perry said that for 2 years running a grant had been made and

was it the wish of the meeting that the Parish Council did so again.

Mrs Morton proposed that a grant be made which was seconded by Mr Houghton and carried.

8. A44 Action Group.

Mr Perry explained that he was Chairman of the Group and has the support of the Parish Council.

A large amount of correspondence and discussion had taken place for the lights at Langford Lane/A44 junction to be in next years work.

The Group proposed a Freeflow junction at Peartree which would relieve North Oxford, the A4095 and A4027. Then there would be no need for a large interchange west of Peartree.

Mr Perry said they had a tremendous fight on their hands as it involves the DOT who are trying to get an East/West strategic Route through Oxfordshire.

Mr David Markham confirmed the Langford Lane saga, support from Douglas Hurd and rural areas. There is conflict between DOT and OCC but Dot never has enough money to job in one go! The sound on the A34 is a problem. He said the DOT were now considering the A44 Action Group ideas.

Mr Perry said the DOT were short of cash. The N.Oxford scheme, 38 million fs, Headington, 18 million fs and the interchange 20+ million fs total a lot more than the Freeflow junction at a maximum of 21 million fs.

9. The Neighbourhood Watch Scheme.

Mr Ford read his report a copy of which is appended to these minutes. Mr Perry thanked him for his report and excellent job.

10. The Parish Walk.

The 1992 Parish Walk was arranged for 17th June.

11. Any Other Notified Business:

There was no other Notified Business.

Mr Roff asked if it would be possible to give some money to the St Michael's Church. Mr Perry said that if a letter of request was sent to the Clerk it would be considered.

Before closing the meeting, Mr Perry thanked all the Councillors, the Clerk and his wife, Mrs Perry, for their help and support during the year.

CHAIRMAN'S REPORT FOR ANNUAL PARISH MEETING
TUESDAY 5th MAY 1992

Many items have been on the agenda throughout the year and here are the main points taken from the minutes.

Planning.

There have been a variety of applications during the year from new house/bungalows to small extensions and a pavilion for Solid State Logic. Councillors nearest investigate, report back and then comments are sent to Cherwell DC.

An application for a piece of land on the corner of Sandhill Road and Begbroke Lane to become garden was turned down. The Parish Council investigated and took the matter up with the OALC. They advised us to write to the Land Registry and claim ownership of the land.

G.Day and Sons Builders Yard obtained an Established Use Certificate. Since then they decided to let the land be used for more than own use. Residents objected strongly and Parish Council supported by writing to Cherwell District Council and Oxfordshire County Council. I now understand that an Enforcement Order is to be issued to stop excessive use of the site.

In Langford Lane there has been an application for a Recycling and Waste centre. Some Councillors attended a meeting on a Saturday morning. Very little re-cycling would occur. This is Oxford City land and would be a relief site for Redbridge which has difficulties with traffic. The Parish Council looked at this seriously as traffic would increase and objected in the best interests of Begbroke. Councillors feel that a split bin service and then recycled should be introduced. The Directors of firms in Langford Lane were concerned and objected. As a result the application has been called in by Michael Heseltine.

An ambulance station at Evenlode Crescent is currently being considered.

Central Oxfordshire Local Plan (Cherwell)

The Inspectors report was published in June 91. Three items affected the village.

1. The Inspector recommended that the village, to the east of the A44, including the playing field, be taken out of the Green Belt.
2. Also that the field to the north east remains in the Green Belt and not White Land.
3. He recommended that the area around St Michael's Lane be made a Conservation Area.

These recommendations have been taken up by Cherwell and are now in the Central Oxfordshire Local Plan for Cherwell.

The Parish Council are proceeding with getting Orchard House and 4 St Michael's Lane Listed Buildings.

Footpaths

During the year the Parish Council have been in touch with Mr Hugh Potter the Field Officer, who has been dealing with a problem of encroaching and dumping onto footpath No.6. which is a recurring problem. Details of work to be done will be noted at the Parish Walk.

Cooksons propose a change for No7 footpath from Begbroke Pump Station and also back of Quarry End and adding on to footpath system.

The resigning of footpaths off of the main road is to be completed in the autumn.

Roads.

Langford Lane Junction. A set of traffic lights is now to be built at the Langford Lane/A44 junction to reinstate full left and right hand turning facilities and stop milk lorries doing a 'U' turn at Begbroke. .

Begbroke roundabout has now had the chevron bricks and a high kerb installed on the north west corner to protect pedestrians.

The A40 by-pass for North Oxford continues to be a source of concern as it will affect both the driving and environmental conditions in the area.

Skips.

The Cherwell skip will continue to come once a month at the moment but remains under review due to abuse. Really not fair to residents who live on that corner.

Airport Liason Meetings.

During the year Mrs Sliwa and I have attended these liason meetings and kept in touch with the airport.

Neighbourhood Watch Scheme.

Following a public meeting Mr Ford offered to be caretaker until another Chief Co-ordinator could be found. He has done an excellent job in organising the scheme, arranging meetings and liaison with the Police.

Link.

The Parish Council appreciate the valuable work Mr Lloyd does in producing the Link. The Parish Council paid for the January issue which is delivered to every house in the village. This helps to keep the cost down.

Mini- bus Service.

The service continues to be used quite well by the parishioners on Tuesday, Friday and Saturday.

Donation to the Begbroke Village Hall Committee.

At the last Annual Parish Meeting a vote was taken to pay the BVHMC £1,000 in two installments. The first £500 was paid direct to the BVHMC but the second part was used as a part payment for the new equipment on the childrens playing area.

Local Government Reviews.

At present there is a review underway which could mean we transfer from Cherwell into West Oxfordshire. The Parish Council had no objections to this proposal since we have so many links with West Oxfordshire i.e. Woodstock Surgery, Schools and Spencers Court or West Oxfordshire Community Hospital, Witney.

If there is a unitary authority then the Parish Council would have much more power.

Review of Parliamentary Constituencies in Oxfordshire.

There has been a proposal for us to become part of the West Oxford and Abingdon parliamentary Constituency. The parish Council object strongly as we have more ties with Witney. A Public Enquiry will be held on 9th June 92 and the Parish Council will be represented.

Parish Walk.

This was a very enjoyable evening, with wine and cheese after completing the annual walk of the footpaths.

Lunch Club.

I am very grateful to Mrs Moss and her family for providing the meals. The Parish Council have paid for the rent.

Concessionary Bus Fares.

Mr Crellin, District Councillor, has conducted a survey and we await results.

Bus Shelter.

Mr Day has done a professional job repairing and replacing the window.

I would like to thank Mr Bernard White who does a remarkably job as our village Postman.

Thank you to the Clerk on behalf of the village and Council for her excellent work.

Thank you to Mrs Perry for dealing with abusive phone calls and my many meetings that I attend. Thanks for your patience and understanding.

That completes my report which I hope you find enlightening.

Report for the Annual Parish Meeting of the 5th May 1992 of
Neighbourhood Watch

Since the Annual Parish Meeting of May 1991 the Neighbourhood Watch group has been quite active.

Meetings of the Co-ordinators of NBW took place in June and in early July to re-launch the Watch and to attempt to raise its profile in the village.

Bulletins are issued monthly through the Link Magazine and a number of practical events have been organised and run throughout the year. The first event took place in September 1991 on **House Security** which drew some 50-60 villagers with contributors from the Thames Valley Police, Insurance Companies and Security Companies.

The most recent event in March 1992 provided facilities at the Village Hall for villagers to have bicycles and other valuables indelibly marked and at the same time facilities were available to have dogs tattooed. The response was very pleasing and in the two hours set aside as many items as could reasonably be treated, were so.

The next event is reserved for Saturday 30th May when a major effort is being made on car theft, car security and valuables in cars. The venue again will be the Village hall.

Along side the organised activities the NBW has written and had published several articles in the Thames Valley Police publication 'Watch Out.'

Whilst the efforts of the Co-ordinators is to be commended for the community spirit they show in their contribution we still require more co-ordinators, three new co-ordinators have been recruited during the year but we still require more.

As an example of the effectiveness of the NBW in April following the then most recent IRA bomb incident and subsequent heavy national publicity in the search for the vehicles used in the atrocity, a vehicle similar was reported to me by a co-ordinator as having been parked unusually in the village. On contacting the Thames Valley Police the van was checked, the owner located through a registration check, all within the space of a few minutes. This is what NBW is for - the gathering of information for action by the Police.

Further events will be arranged throughout 1992 and into 1993.
